

George Catlin

*In June 2009, the Minister for Transport launched Scotland's Road Safety Framework to 2020. Within the document it states,*

***'Young Drivers should be a priority'***

*A working group was formed*

*Young Driver Interventions are numerous and inventive involving wide community engagement*

*Fire and Rescue, Road Safety, Police, Community Safety, Engineers, Schools and Volunteer agencies*

# Young driver interventions

# road use in Scotland

Road Safety Scotland's primary concern is the safety of all road users. We provide advice and guidance for [drivers](#), [cyclists](#), [motorcyclists](#), [pedestrians](#) and [horse-riders](#), as well as teaching notes and class activities for educational professionals.

On this website, you will find education tools, road safety guidance and publicity materials. You can download specific publications, audio, and video clips by searching our resource database.

Our remit is to develop and co-ordinate Scotland-wide road safety initiatives and campaigns.

An exciting website which supports road safety partners who engage young people and young drivers, has been launched. Click on [Get into Gear](#) - explore the site and take up a new opportunity to become an accredited education partner.

Thinking of becoming a Road Safety Educator?
